ADVENTURE MEDICAL SOLUTIONS

A Unit of Adventure Turnkey Solutions Private Limited

COMPLETE SOLUTIONS FOR BETTER HEALTHCARE

Healthcare & Medical Solutions Division

ABOUT US

A trusted partner for sourcing and supplying healthcare products.

Established in June 2013, Adventure Turnkey Solutions Private Limited initially operated in the field of Turnkey Solutions. In July 2020, during the COVID-19 pandemic, the company expanded into healthcare by establishing a dedicated Medical Division under the brand name “Adventure Medical Solutions”, led by Ms. Supriya Verma, Director.

Adventure Medical Solutions is engaged in the supply of hospital furniture, medical equipment, surgical and medical instruments, physiotherapy products, wellness products, naturopathy products and other healthcare related products. The division is registered on GeM (Government-e Marketplace) and holds Udyam Registration.

Our healthcare journey began with hospital furniture, manufactured to customer requirements through our associated manufacturing partner, N. S. Technocraft, Uttam Nagar, Delhi. Today, we are an Authorised Selling Partner of N. S. Technocraft, enabling us to offer customised hospital furniture and healthcare infrastructure solutions for hospitals, clinics, medical colleges and healthcare institutions.

As customer requirements evolved, we expanded our portfolio to include medical and surgical instruments, diagnostic and therapeutic equipment, physiotherapy and rehabilitation products, wellness and naturopathy products. Depending on the application, specifications and budget, products may be manufactured in India, sourced from established manufacturers or imported through reliable supply channels.

ONE PARTNER. COMPLETE HEALTHCARE SOLUTIONS.

Our approach

We aim to provide healthcare institutions with a single window sourcing solution for diverse medical requirements. We understand each client's application, specifications, quality expectations and budget, and then work with our network of manufacturers, authorised partners, importers and specialised suppliers to identify suitable products and solutions.

Our Vision

To become a trusted single-window healthcare sourcing partner by delivering the right products, dependable quality and value-driven solutions to every client.

A Part of a Diversified Business Group

Adventure Turnkey Solutions Private Limited is part of a diversified entrepreneurial group with interests across travel & tourism, events, digital advertising, hospitality, food & bakery, corporate gifting and social initiatives through its various business ventures and Karna's Foundation.
